

Enterprise Post Implementation Review V1

Enterprise Post Implementation Review V1

Department: Operations

Document Type: Technical Manual

Access Level: internal

Version: 1.0

Purpose

This document defines operational guidance for the Operations department. It is written for employees, managers, auditors, and support teams who need clear enterprise procedures.

Policy Details

Project status reports must be submitted every Friday before 5:00 PM.

Every project must maintain a charter, scope statement, risk register, and delivery plan.

Release readiness must be approved before production deployment.

Meeting notes must include decisions, owners, dates, and action items.

Post implementation reviews are completed within seven working days after release.

Responsibilities

Employees must follow the procedure, managers must review exceptions, and department owners must keep this document current. Exceptions require written approval and must be recorded for audit review.

Review Cycle

This document is reviewed annually or when a business process, compliance requirement, security requirement, or technology platform changes.
